Editorial

THERE IS ALWAYS HOPE in the darkness. And we sincerely believe in it. Our journey till now has been a journey full of optimism. Without it how can we see the flicker of hope in this age of darkness?

We strode gallantly throughout and achieved one feather after another in our cap. In the beginning of 2019, yet another feather was added. It was a giant leap forward for us. To enable more opportunities in the higher education sector, a foundation stone for our new project, 'Al-Ameen Mission Institute for Education Research and Training' was laid in New Town, Rajarhat. When operational, it would provide coaching for the Medical post graduation course and Residential Training Centre for competitive examinations conducted by UPSC/WBPSC. Besides, there will be facilities to train teachers as well as non-teaching staffs. There would be provision for higher research in the different fields of education sector too. We believe that soon it would turn into a leading centre of the Mission; the Centre of Excellence.

This year, once again the results in various examinations have been magnificent. The highlight should be the results of the NEET (UG). Around 422 candidates from the Mission have made it into 55 thousand ranks throughout the country. This is, by any yardstick, a big achievement. Like previous years, the boys and girls have done splendid results in Madhyamik once again. The highest score has been scored by a girl, Sumaiya Khatun 677 (96.71%). Her ranking in the state is 14. She is followed by a boy, Ashik Iqbal 676 (96.57%). The result in the Higher Secondary examination too was excellent. Here too, a girl made her way into the state merit list. From Uluberia campus, Safida Khatun (489 marks, 97.8%) became 7th in the ranking. Kazi Faiaz Ahmed ranked 8th in the state merit list scoring 489 marks (97.6%). At the same time he has also occupied 18844 rank in NEET (UG). Sk Jiauddin and Sahil Parvej have scored 482 marks (96.4%) and secured 14th position in the state merit list. Another notable feature is that our students have done well in the Arts stream too. Sk Saharia Trisha, a girl from Patharchapuri campus scored 482 marks (96.4%) and is a probable 14th in the state merit list.

Doubtless, there are numerous follies all around us. But we will continue our journey unflappably and enthusiastically for the betterment of the society. There cannot be any aberration, whatsoever, in this matter.

M Nurul Islam
Editor-in-Chief

Al-Ameen Mission's tryst with success continues unabated. The results of 2019, so far, have been outstanding.

Phenomenal Success

Najib Anwar

NEET (UG)

WE WILL BEGIN BY narrating the success of the students in NEET (UG). Within 55,000 ranks, there are 422 candidates from the Mission. Among these candidates, there are 360 male and 62 female. In terms of districts, Murshidabad has the largest number of successful candidates- 105. It is followed by Malda which has 80 candidates. South 24 Parganas comes third with 54 successful candidates. If we make an overview of economic gradation of the candidates here it goes- 128 (30.05%) candidates come from poor and lower-income families, 161 (38%) candidates come from lower-middle income families and 133 (31.05%) candidates come from middle and higher income families.

Among the students, Samsul Mallitya ranked first in the Mission. His All India ranking is 1883. Son of a farmer, he comes from Taranagar, a village in Nadia district. He had been admitted to the Mission in class XI. He passed HS in 2018 with 90.6 per cent marks. Samsul had been taking NEET coaching from the Uluberia campus of the Mission. From the tender age, he has been dreaming to be a doctor. At last his dream has been fulfilled. He has strictly followed the guidelines of the teachers to crack

this entrance examination. His parents, Suklal Mallitya and Sabina Yasmin have not crossed the hurdle of Madhyamik examination. But with sheer willpower their son has achieved a dream, which has made them proud. Samsul is fond of cricket as well as football. His ideal cricketer is Rohit Sharma and in football it is none other than Lionel Messi. In future, he wants to be a cardiologist.

Md Ibrahim's father Md Sk Sadi is a science graduate and his mother Razia Khatun has passed the Madhyamik but they run their family with little income from cultivation. They live in a village under Lalgola block of Murshidabad. There are many doctors who have passed after taking medical coaching from the Mission. They were much inspired and wanted their son to take coaching from there. At last they were able to admit their son in the Nayabaz campus. The Mission also slashed a good amount of fees. Ibrahim scored 454 marks in the HS in 2018. After taking coaching for a year, he has ranked 2068 and his OBC rank is 583.

Siraj Kabir also comes from a poor agricultural family in Malda. His All India Rank is 3456 and OBC rank is 1039. He got 88.6 per cent marks in HS in the year 2017. He took medical coaching from the Mission.

Imamul Haque has ranked 5505. He comes from Kaliaganj, Nadia. His father Izarul Haque was Border Security Force personnel, who had read till class XII. Imamul came to the Mission in class IX. He passed the Madhyamik in 2015 with 85.1 per cent marks. In 2017, he passed the HS with 88 per cent marks from Panchur branch. He moved to the New Town branch for Medical coaching. In future, he wants to be a dermatologist.

He wants to do specialisation in cancer. Meet Towshin Mondal, who comes from a village under Nadanghat Thana of Purba Bardhaman. His father Azmat Mondal has read till class IV and his mother Hanufa Bibi Mondal has passed class VIII. Towshin is a meritorious student who got 91 per cent marks in the Madhyamik in 2015. He came to Al-Ameen Mission and got admitted to the Khalisani branch and scored 87.2 per cent marks in the HS. Afterwards, he began taking coaching from the Nayabaz branch and has ranked 12044 (OBC rank 4447).

Kazi Abdul Masud studied in the Mission from class XI. He studied till the HS in the Memari branch where he scored 88.8 per cent in 2018. He came to Nayabaz branch for the Medical coaching. He comes from Kazidanga village in Purba

SAMSUL MALLITYA | AIR 1883

MD IBRAHIM | AIR 2068

Bardhaman. His father Kazi Boshirul Islam is a graduate but earns his living as a farmer. In future, he wants to be a Neurologist.

Samim Akhtar has ranked 7246. His father is a farmer. Samim was admitted to the Mission in class XI and

passed the HS in 2018 with 90 per cent marks. An avid sports lover, he likes football.

Md Arif Billah Sk has come from a marginalised family whose father Md Amanullah Sk earns his living by working as a daily labourer. Arif lives in Tilpi, a small village under Joynagar thana of South 24 Parganas. Arif came to the Mission in class XI and got 78.4 per cent marks in the HS. After that he came to Nayabaz campus for the coaching. Under the New Component Scheme of Free Coaching and Allied Scheme of Government of India, he

TAUHIDA NASRIN | AIR 4528

Khalapur campus from class VII. In 2015, she passed the Madhyamik examination from there. She came to the Uluberia campus and passed the HS with 89.4 per cent marks in 2017. Her father Sk Saiful Islam is a rural doctor.

Sumaaita Gazi has taken up Medi-

cal coaching from Uluberia campus. She is a girl from Matiaburuz. Her father Md Zakir Hossain Gazi is a businessman and mother Nazimun Nessa Gazi is a homemaker. She said that becoming a doctor had been a dream since her childhood and has been fulfilled now. She has ranked 23994 and wants to become a gynaecologist.

Not far from there in Chattakalikapur under Maheshtala Thana another girl has cracked the Medical Entrance. She is Shahzadi Alam whose father Zakir Hossain Mondal is a tailor. She has been in the Mission from class XI and passed the HS from Medinipur branch with 83 per cent marks in 2017. She has ranked 26437.

Daughter of a labourer, Sabana Parvin has ranked 30231. She has been studying in Dhulian Branch of the Mission from class XI and scored 86.2 per cent marks in the HS. She has taken medical coaching in the Uluberia campus.

Sumaia Begum's father Abdullah Mollah is an Imam. She has ranked 34020. Sumaia comes from Bhandar Kola, a village in the North 24 Parganas. She studied free of cost in the Mission under New Component of Free Coaching and Allied Scheme of Government of India.

HUMAUN LASKAR | AIR 2753

SIRAJ KABIR | AIR 3456

studied there free of cost. He wants to become a Cardiologist.

Among the girls, Tauhida Nasrin from Nandigram, Purba Medinipur has notched up top marks by ranking 4528. Her father Dr Mosarraf Hossain is a principal in a B.Ed College while her mother Ayesha Siddiqua is a para teacher. Her elder sister Taiyeba Yasmin is also a medical student. Tauhida has been dreaming to be a doctor from her childhood, which has come to true.

Nourin Alam is the daughter of a farmer. She has been studying in the Mission from class V. She comes from a village called Bizla in Purba Bardhaman. She passed the Madhyamik examination from Khalatpur with 90.54 per cent marks. After that, she came to Uluberia campus and passed Higher Secondary with 90 per cent marks. She has ranked 11867.

Shabnam Bustana has been studying in the Mission's

WBJEE (ENGINEERING)

In any type of examination, the success graph of students belonging to the Mission is always remains high. In the WBJEE Engineering this year, there is no exception to it. Within 5000 rank, there are 62 students, within 7500, there are 125 students, within 10000

ABU HASAN GAZI | RANK 393

SAIF RAJ | RANK 402

there are 176 students while within 15000 there are 253 students.

Abu Hasan Gazi from Joyngar, South 24 Parganas has ranked 393. He was a student of Khalisani branch. He studied in the Khalatpur branch from class VII. In 2017, he got 90.7

per cent marks in Madhyamik examination and from Khalisani branch he got 89.4 per cent marks in HS examination. He has cracked the JEE in the running year, which has indeed generated great joy in his village as well as in the Mission. Abu Hasan said, he loves to solve complex mathematical sums. He is an avid follower of cricket. He has been a meritorious student and his parents are grateful to the Mission because his tuition fee was considerably slashed.

Ranking 402 (OBC rank 6), Saif Reza has also passed the HS from Suryapur branch this year. In the HS, he had scored 90 per cent marks. In 2017, he had passed the Madhyamik scoring 89 per cent marks. He is from Hariharpara, Murshidabad. His family is very happy because he has cracked the JEE in the running year.

Muin Nasif has ranked 403 (OBC rank 7). Son of a school teacher, he comes from Kaikhali, North 24 Parganas.

state ranking. From 33 branches of the Mission, there were 1805 candidates (Science and Arts streams combined). Among these 33 branches there were three branches from where 33 arts students appeared before the examination. They are all girls. 231 students have got more than 90 per cent marks including 11 girls from Arts stream. 1484 students have got more than 75 per cent marks.

Daughter of an Agricultural worker, Safida Khatun has done splendid result and bagged the 7th rank in the state merit list. She has secured 489 (97.8%) marks. She had joined the Mission in class XI and appeared for the examination from Uluberia branch. Safida wants to be a doctor and specialize in Neurology and has already started taking coaching for NEET. She comes from Radhakantapur, a village under Lalgola Thana

SAFIDA KHATUN 489 (97.8%)

KAZI FAIAZ AHMED 488 (97.6%)

of Murshidabad.

Just one notch below is Kazi Faiaz Ahmad. He has scored 488 (97.6%) marks. He comes from Bandpur, Hooghly. Faiaz has ranked 8th. His father is a private tutor. Faiaz came to the Mission in class XI and studied in the Nayabaz branch. He wants to be a doctor and then he wants to get into Indian Administrative Service. Faiaz is also a poet and has already penned plenty of poems. There is another exceptional

achievement he has done along with this marvellous result. He has also qualified in the NEET. His all India ranking is 18844.

HIGHER SECONDARY

This year, however, the cynosure of all eyes has been on the marvellous results of the HS examination. Two of the students have climbed into the coveted top ten of the

achievement he has done along with this marvellous result. He has also qualified in the NEET. His all India ranking is 18844.

Masud Mondal has scored 478 (95.6%) marks. He has got the 18th rank. Son of a farmer, he comes from Aamdob, a village in North 24 Parganas. He was admitted to the Mission in class XI and was studying in the Khalisani branch. He also dreams to become a doctor.

Arshad Ali Mondal has also scored the same marks. He has been studying in the Nayabaz campus from class XI. His father is a primary school teacher.

Rohitul Alam has made 477 (95.4%) marks. He has got 19th rank. His father is a meat seller. Rohitul has been studying in the Mission since class VII. Till class X, he studied in Ujunia branch and then shifted to Nayabaz. He comes from Talgram, Murshidabad. He is also aiming to become a doctor.

We will now highlight some of the students who have scored well in the Arts stream.

Sk Saharia Trisha has got 482 (96.4%) marks. She has ranked 14th in the state. She comes from Jangipur Sahebbazar in Murshidabad district and was a student in the Pathar-

from poverty and she will join the civil service to do her bit in that respect.

Another girl Nusratul Firdous who scored 475 (95%) marks wants to go into judicial service. She had been reading in the Patharchapuri campus of the Mission from class VI. She is fond of drawing, glass painting and also singing.

MADHYAMIK

chapuri campus. Her father is no more and her mother Hosneara Biswas is a SSK teacher. She is an avid reader and has already finished reading plenty of Bengali literature as well as Islamic books. She is also fond of drawing and painting. Trisha wants to go into Civil Service and become a WBCS officer.

STATE RANK 14th

SK JIAUDDIN 482 (96.4%)

Halima Parvin has secured 477 (95.4%) marks. She has ranked 19. She has also been reading in the Patharchapuri campus. Her father is a businessman. She feels that education can uplift people

This year total number of students appeared for the Madhyamik examination were 1507. Among these students 310 students got more than 90 per cent marks.

They have proved that less-privileged background is not a hindrance to dreaming big. Among the topper this year is Sumaiya Khatun, who scored 677 out of 700. The daughter of a Madrassa school

teacher, she has bagged 14th rank in the state. Sumaiya comes from a village in Malda. She has been studying in the Mission's Belpukur campus from class VIII.

STATE RANK 14th

SUMAIYA KHATUN 677 (96.7%)

STATE RANK 15th

ASHIK IQBAL 676 (96.6%)

Ashik Iqbal has scored 676 marks and has bagged 15th rank in the state. His father is a teacher. He comes from Sagardighi, Murshidabad.

One should not forget that many of the students in the Mission are first generation learners. We will narrate some of them now.

STATE RANK 18th

AFTAB MOLLA 673 (96.1%)

Aftab Molla has scored 673 marks and has bagged 18th rank. He is from Nalhathi, Birbhum. His father is an agricultural labourer. He has been studying in the Patharchapuri campus from class IX. In future, he wants to become a doctor.

Akhtara Parvin has secured 671 marks and has bagged 20th rank. She is from Murarai, Birbhum. She has been admitted to the Khalatpur campus in class VII. Her father is a primary school teacher.

Nurzaman Sheikh is the son of a stone quarry worker and has scored 665 marks. He has been studying in the Sugarh branch in Birbhum since class VI. His father said that he is happy that his son has a bright career

ahead as he could not study much.

Sk Nadim Ali has secured 652 marks and is from Anantapur, Purba Medinipur. His father, Sk Kased Ali is a mason and is semi literate. He wants to become a doctor.

Maksud Hasan Mullick has been studying in the Medinipur branch from class IX.

He has scored 637 marks. His father, Mofizul Mullick is a landless labourer and has studied till class IV. Maksud wants to be a doctor to ease the financial difficulties of his family.

Sohel Rana has been studying in the Hariharpara branch of the Mission from class VIII. His father is an agricultural farmer. He has scored 618 marks.

STATE RANK 20th

AKHTARA PARVIN 671 (95.9%)

Al-Ameen Utsav 2019

Like previous year, the annual Al-Ameen Utsav was held in the main campus of Khalatpur, Howrah on 26 & 27 January 2019. In the sprawling compound of the campus the programme began after hoisting the national flag. In his inaugural address, the general secretary of the Mission M Nurul Islam said that almost 33 years back, the Mission started off with a vision. Now, it has more than 16 thousand students. One fourth of them study here with the aid of Zakat and other donations. There is no denying the fact that after independence, the Muslim community of the state gradually became marginalised.

But after three decades of our existence, things have changed quite a bit. But still there are many who have remained backward. We must reach out to them and with the help of this Mission we should pull them out from the backwardness, he emphasised. He also informed that besides education, the Mission will facilitate health services to the rural people in other campuses of the Mission. It already has a health centre at Khalatpur campus.

Member of Parliament of Uluberia Sajda Ahmad visited the campus for the first time. She expressed her gratitude and said that she is very proud that the main

campus of the Mission is situated in her constituency. She also said that the way the Mission nurtures the meritorious students should be appreciated. The OC of Udaynarayanpur Moumon Chakraborty also praised the works of the Mission. The chief guest of the function was Prof Debabrata Das of Rabindra Bharati University. The supervisor Sk Maruf Azam as well as the superintendent M Abdul Hasem also spoke on the occasion.

The second day of the festival began with the blood donation camp. Later, Ujjal K Chowdhury, the Dean of School of Media, Pearl Academy discussed at length on the different facets of education. He emphasised on value based and empirical kind of education. On this occasion three eminent teachers who had helped the Mission grow and became the 'friend of the Mission' was felicitated. They are Prof Mrinalkanti Dwari, Dilip Kumar Karmakar and Prof Ramzan Mondal. Many students who have done exceptionally well in different examinations were also felicitated. Among others who were present were Abdus Salam, the Deputy Director of West Bengal School Education, Jahangir Mullick, DM of Kalna, Sk Abdul Mannaf Ali, Assistant Director of Madrasah Education, Prof Jayanta Acharya, Dr Plaban Kumar Bhowmick, MA Rashid, the Chairman of the Al-Ameen Mission Trust, Kazi Abdul Bashir, the Treasurer of Al-Ameen Mission Trust, Abu Saleh Rezwanul Karim, the Treasurer of Al-Ameen Mission were present. The two-day programme was presided by Dr Sk Md Hasan, Vice Chairman of Al-Ameen Mission Trust and Sk Md Ali, the President of Al-Ameen Mission respectively.

Alumni Meetings

Dr P B Salim, IAS inaugurates Doctors meeting.

After making a successful endeavour in education, Al-Ameen Mission is gearing up to enter into other sectors of social service. In this connection, it organised two successive meetings with its alumni in Kolkata.

The first meeting took place with doctors on 9 December, 2018 at the Seminar Hall of Aliah University, Park

M Nurul Islam in Engineers meeting.

Circus campus. The inaugural address was delivered by Dr P B Salim, IAS, Secretary, MA & ME Department, Government of West Bengal. There was a lively interaction among the participants. The general secretary said that the Mission has produced scores of doctors. We are planning to step into the Health Service. We would like to introduce small Health Care Units in various campuses across the state. Already, a Health Care Unit is being run in the Khalatpur campus, where doctors who have succeeded from the Mission are attending round the week. We have also planning to set up a hospital near Kolkata. We have to make a detail plan to materialise this long cherished dream, he emphasised.

On 13 January, 2019, a similar meeting was held in the same venue with Engineers. Dr P B Salim, IAS once again delivered the inaugural address. Md Moniruzzaman, former Director, Ministry of Defence, Government of India and Prof Rafikul Islam of International Islamic University, Malaysia too spoke on the occasion.

Girls unit at Kotbar

In January 2018, Al-Ameen Mission made its presence felt in Purba Medinipur by establishing a branch in Kotbar. Within a year, the girls unit of that branch has started its operation. On 15 January this year, the general secretary of the Mission M Nurul Islam had inaugurated it. In his speech he fondly recollected the initial struggling days of the Mission, the story of his companions and patrons. He also praised Haji Sk Safiruddi, the main patron of this branch for developing the infrastructure, which includes girls hostel, in a short span of time. He also described the progress of the Mission in a nutshell and advised the students to dream big and not to pull back. In future, arts stream would be introduced, he declared. Last year when the boys unit started there were classes from V to X. In the girls unit, there are classes from V to VIII. The programme was attended by Haji Sk Safiruddi, Md Khairuddin Khan, the superintendent of the branch Md Imran Mullick, Md Alamgir Biswas among others.

Campus Inauguration

Couple of years back, the Coochbehar branch of Al-Ameen Mission Academy rolled out from a village called Hawargari. It started on a temporary basis. But this year it has got a permanent place. On 12 January, in a six and a half bigha of land, donated by Haji Hanifuddin Mian a newly built boys' campus has started where classes from VI to VIII are held. The general secretary of the Mission, M Nurul Islam was present for this auspicious occasion. Not far from there, a girls' branch has also started operating.

In his speech the general secretary said, to unlock the potentiality

of poor but meritorious students, dedication is needed. There is no dearth of it in the Mission. Although there are still not many branches in North Bengal, we should remember that Md Arif Sk came out first from the Belpukur campus in 2007. This branch would also become a nurturing place for meritorious students in future, he hoped. The programme was attended by Haji Hanifuddin Mian, District Law Officer Samim Rahman, Retired teacher Abdus Sattar, Mainuddin Ahmad, Electrical Engineer Aftabuddin among others.

On 11 January, two more branches for Al-Ameen Academy came into being. One was in Sahabazpur under Kaliachak Thana, Malda and the other one was in Itahar, North Dinajpur.

Foundation Stone Laid

On 17 February 2019, Sunday, the Foundation Stone of Al-Ameen Mission Institute for Education Research and Training was laid at Rajarhat, New Town by Firhad Hakim, Minister for Urban Development Department, Government of West Bengal and Mayor of Kolkata. It was one of the most significant days in the history of Al-Ameen Mission. Here, under one roof, there would be facilities to provide coaching for the Medical post graduation course and Residential Training Centre for competitive examinations like IIT, IIM, CAT, MAT, IAS, IPS and WBCS. Besides, there will be facilities to train teachers as well as non-teaching staffs. Moreover, there would be provision for higher research in the different fields of education. In future, it will be the leading centre of the Al-Ameen Mission; the Centre of Excellence. The general secretary of the Mission, M Nurul Islam highlighted this in his inaugural speech. Mr Hakim too praised the efforts

of the Mission in the education sector and said that under its leadership the Muslim community in the state is integrating with the mainstream pretty fast. On this occasion, many dignitaries were present. Among them were Dr Kakoli Ghosh Dastidar MP (Lok Sabha), Sabyasachi Dutta, Mayor of Bidhannagar Municipal Corporation & MLA, Nadimul Haque MP and Chairman of West Bengal State Haj Committee, Dr P B Salim, IAS, Secretary of Minority Affairs and Madrasah Education Department, Government of West Bengal & Chairman of WBMDFC among many others.

Also, 40 alumni were awarded **Ananya Praktani Sammanana** (Outstanding Alumni Award) in the function for their achievement in different sectors.

AMU National Seminar

On 25 March 2019, the general secretary of Al-Ameen Mission, M Nurul Islam was invited as the chief guest at the inaugural function of the national seminar organised by the Bengali section of the Department of Modern Indian Languages, Aligarh Muslim University. The topic of the two-day seminar was 'Literary Trends of Contemporary Literature: East and West'.

In his inaugural address the general secretary extended his heartfelt thanks to the organizers particularly to Dr Amina Khatun, the Director of the National Seminar as well as the Bengali Section. He said that the topic is very relevant in the present scenario, in whatever way we look at it. He also agreed that language and literature, indeed, has no boundary or limitation. It is all pervading.

We reproduce below the edited speech delivered by M Nurul Islam:-

"In fact, the Bengali literature or in the larger canvas, Indian literature began to flourish during the middle age and it gathered momentum in the colonial time. The Indian languages took definite shape and thrived in the mid-

dle age. Mystic literature was a product of that particular age. It was during that time, Persian literature- which was abundantly rich- enlightened India in a new way. It would not be out of context to say that only a century back, in the 19th century, the works of legendary Hafiz, one of the most beloved poets of the Persians, was diligently pursued by the Tagore family of Jorasanko, where Rabindranath Tagore was born in 1861. It is also interesting to note that his father, Debendranath Tagore, an avid reader of Hafiz, was born in 1817. The year coincided with the birth of Sir Syed Ahmad Khan, the founder of the Aligarh Movement.

In 1875, Sir Syed Ahmad Khan established Moham- medan Anglo-Oriental College here, which later on came to be known as Aligarh Muslim University. An ardent social reformer, he played a seminal role by laying the foundation of modern scientific education in undivided India.

Besides, he was among those early pio- neers who recognised the critical role of education in the empowerment of the poor and backward Muslim community.

I have come to this sacred place from far off Bengal. And I have come from an institution, which although came into existence more than a century later, was profoundly influenced by the ideals of Sir Syed Ahmed Khan.

For many reasons, the Muslims in West Bengal lagged far behind in every walk of life- socially, mentally and of course financially. Historically, partition prompted a large section of the community to migrate to East Pakistan, which is now known as Bangladesh. Many of them became frustrated and disillusioned. In the mid 80s of the last century, we felt strongly that education and education

alone could change the whole scenario of backwardness. With the aim to uplift the backward Muslim community in Bengal, we started an unchartered journey from Khalatpur, a remote village in Howrah district. That's how Al-Ameen Mission came into existence. The year was 1986.

It was an uphill task, but with resolute determination we trudged along. Al-Ameen's journey began with only 7 students. The ideals of Sir Syed Ahmad Khan and the trailblazing journey of Ramakrishna Mission showed us the way. If our niyat is noble, if we have self confidence, success is bound to come- we were absolutely sure about it.

Today, the resounding success of Al-Ameen Mission amply proves the correctness of our thought. Earlier, the participation of Muslims in higher education, particularly in professional courses was 2 to 3 per cent in our state, but now due to our constant endeavour it has reached up to 20 to 30 per cent. But how was it possible? It was only possible through the generous support from our numerous well wishers and unstinting help from both

The path shown by Al-Ameen Mission has triggered off a movement, which is being aptly called as “Mission Movement”. This movement has generated many more educational institutions throughout the state.

the Central and the State government. The Mission has now 70 branches throughout West Bengal as well as outside the state. We are a big family now consisting of 17 thousand resident students. Al-Ameen, meanwhile, has produced two thousand four hundred doctors and two thousand five hundred engineers. The total number of alumni is nearly 20 thousand. In many higher educational institutions in India and abroad, there are sizeable numbers of alumni now. Many of them are also studying here in Aligarh. Some of them have also become teachers here. We are proud of them.

No doubt, we are elated to see so many students, who were part of a backward community not so long ago, are walking gloriously in so many institutions throughout the world. The achievements of Al-Ameen Mission are discussed in the national level, bringing fame to the state.

Once upon a time, throughout the county, the name ‘Aligarh movement’ gained eminence in the education sector. Similarly, the path shown by Al-Ameen Mission has triggered off a movement, which is being aptly called as “Mission Movement” by general public as well as by numerous researchers globally. This movement has generated many more educational institutions throughout the state.

Therefore, I sincerely pay homage to that towering personality. We should remember pioneers like Sir Syed Ahmad Khan, who blazed a new trail by rationally thinking about the backward people of South Asia. Here, I would like to quote Sir Syed who says—“When a nation becomes devoid of arts and learning, it invites poverty, and when poverty comes, it brings in its wake thousands of crimes.”

To conclude, I would like to say that literature is the mirror of the society we live in. This is something ingrained inside our society. Our poet has said ----‘দিবে আর নিবে, মিলাবে মিলিবে, যাবে না ফিরে- they will give and take, introduce novelty, combine, but won’t go back.’

Like any sector of society, Education too takes inspiration from different ideologies and advance further. There is always a constant mingling of thoughts and ideas. May be, someone who is not too old can provide new ideas, notions, conceptions to the society. Like you see new literary movements garnish different branches

of literature.

We are optimist. We have full belief on the righteousness of mankind. Those who will come after us will bring newer ideas. We welcome them in advance.

I hope the participants who would be discussing the trends of contemporary literature during these couple of days would definitely throw some new ray of light. We work amongst people in the practical field, empowering them, enhancing them through education. I once again hope that your discussions in the seminar will inspire us.

On behalf of Al-Ameen Mission, I sincerely extend my good wishes to all of you.”

Dr Amina Khatun thanked all the participants present on the dais and started the seminar. Among others, Prof Hakim Syed Zillur Rahman (Chairman, Ibn Sina Academy), Dr Taher H. Pathan (AMU), Dr Amitava Chakraborty (Delhi University), Prof S.N Zeba (AMU) and Prof. Syed Ahmad Ali were present. Prof. Masud Anwar Alavi, Dean of the Arts Department of the University gave the closing speech.

CBSE RESULTS

STD X EXAM

95.2%	94%	93.4%	92.4%
Toufik Islam	Sabit Numan	Ikram Islam	Meheub Alam

Al-Ameen Mission has been consistently trying to bring the meritorious students of the backward class to the forefront since for the last three decades. In this effort, the English medium schools, which have started its operations, not so long ago, have begun to play its role. This year, the students of Milanmore, Kharagpur and Patna branch sat for CBSE Std X examination for the first time. In the first year, out of 48 students from these three branches, seven students have scored 90 per cent marks, 19 students have scored 85 per cent marks, 30 students have scored 80 per cent marks and 34 students have scored 75 per cent marks. All of them have passed in the first division. Toufik Islam Chowdhury from Milanmore branch have scored the highest marks 95.2 per cent. Other scorers over 90 per cent marks from this branch are— Sabit Numan (94%), Ikram Islam Mondal (93.4%), Meheub Alam Sarkar (92.4%). From Kharagpur branch Sartaj Ali Khan scored 92.4 per cent marks and Sk Jahin Mujahid scored 91.8 per cent marks. Rabia Basri from Patna branch has secured 92.2 per cent marks. Rabia’s father Mohammad Naqi is the Executive Officer of West Bengal State Haj Committee.

STD XII EXAM

92.6% 88.4% 88.2% 87%
M Rahaman Minhaz Rahaman Intiaj Alam S Khulud Alam

The result for CBSE Std XII has brought good news. The boys from Ranchi branch and the girls from Patna branch have done well. There were 18 boys and 27 girls who sat for the examination. One student have scored more than 90 per cent marks, six students have got more than 85 per cent marks, 13 students have got more than 80 per cent marks and 24 students have scored more than 75 per cent marks. Mamnur Rahaman from the Ranchi branch has scored the highest amongst the students. His score is 92.6 per cent. From Patna branch Saba Khulud Alam has scored 87 per cent marks and has come first among the girls.

The general secretary of the Mission expressed satisfaction with the results. He hoped that the results of CBSE Std X will be much better in the future. In this context he also said, there will be three more English medium branches very soon. These branches would come up in Patharchapuri (Boys, Class V to IX), Paikpari (Boys, Class V to IX) and Ashrafnagar (Girls, Class VIII & IX).

SUCCESS IN WBCS EXAM

Gr A (Exe) Gr A Gr C Gr C
Selim Habib Hasanul Islam Abdul Sattar Md Jasimuddin

The success in WBCS Examination of Al-Ameen Mission has continued without a stop. Recently, in Group C, 11 students have succeeded. The general secretary M Nurul Islam has said, the alumni of the Mission are now settling across the globe, which is very satisfying for all of us. For the past few years, they are also succeeding in various administrative examinations. To facilitate them, we had started Coaching Centres a few years back. He also said that recently the foundation stone of Al-Ameen Mission Institute for Education Research and Training has been laid in New Town. When completed, there will be facility to train WBCS, IAS/IPS aspirants in the Institute.

Sahid Anwar Zaman from Mathurapur village of Malda has been selected as Joint BDO this year. His father Sk Jamal Zaman is a primary teacher. Sahid completed his B Tech in Electronics and Communication Engineering from Techno India but his penchant for administrative

works brought him to the Mission's coaching.

Aker Ali Sk, son of a marginalised farmer Jamshed Sk and Sukjan Bibi, has got himself into Subordinate Land and Revenue Service-Grade 1. Aker comes from Bargacchi village of Nadia.

Coming from Motiari village of Nadia, Md Jasimuddin Mondal has selected to Deputy Assistant, Director of Consumer Affairs and Fair Business Practices. On the other hand, Abdul Sattar from Rudel village in North Dinajpur, Md Wahed Rahaman Sk from Bethuadahari in Nadia, Anarul Islam from Benayil village in South Dinajpur have joined as Officers in the Child Development Project of Junior Social Welfare Service.

Besides, Aker Ali there are three more persons who have joined Subordinate Land Revenue Service, Grade 1. They are Mijanur Rahaman, Basidul Aktar and Hasnat Mullick. Hasnat comes from a marginalised family whose father is a small farmer.

Hasibur Rahaman's father is a grocery seller in the Usthi area of South 24 Parganas. Hasibur passed the HS from the Medinipur branch of the Mission. He did his graduation in Physics. Now, he has been selected as Canal Revenue Officer (Irrigation). Pousali Patra from Budge Budge of South 24 Parganas has also been selected in the Chief Controller of Correctional Services. Most of these selected officers have come from underdeveloped section of the society.

MASTERSTROKE

Md Jahin Shahriyar, a student of Al-Ameen Mission, has been selected for admission to the Five-Year BS-MS Dual Degree Programme of Indian Institute of Science Education and Research (IISER), Bhubaneswar, Odisha.

IISER was established in 2016 by the Ministry of Human Resource Development, Government of India. It is a Center of Excellence dedicated to teaching and research in basic sciences. BS-MS (Dual Degree) Programme is offered in Biological Sciences, Chemistry, Earth and Environmental Sciences, Mathematics and Physics.

Jahin comes from Bhushna BDO Para under Diamond Harbour Police Station of South 24 Parganas. His father, Md Masud Karim is a High School teacher and his mother, Jahanara Khatun is a nurse. Jahin had been a student of Al-Ameen Mission from class VIII. From class XI, he studied in the Panchur campus. He passed the HS in the current year having got 451 marks. This is a big achievement for Jahin having got the opportunity to study in the premier institution like IISER. ■

A Tale of an Incredible Journey

Najib Anwar

SK BASIRUDDIN WAS BORN in Kaithan under Katwa Police Station of Purba Bardhaman district. His father is Sk Matiur Rahaman and mother Muslima Bibi. He is the only son of his parents. Bardhaman is famous for its paddy production. It is an agricultural based district. Therefore, most of the inhabitants depend on agriculture to earn their livings. Basiruddin's father too used to work as an agricultural labourer. He used to work day and night and nurtures a dream of changing his living condition.

Matiur Rahaman has three more brothers. Their father also earned his living working as an agricultural farmer. Matiur was his second son. His eldest son used to study from his maternal home. When Matiur was 14 years old, his father died. The burden of the family fell upon him. Because of this huge responsibility, Matiur and his younger brother could not study much, whereas their eldest brother became a graduate. Their youngest brother also became a science graduate but could not find a job. They inherited four-five bigha of land and a kutchra house from their late father. This land became their sole bread earner. But they had four sisters too. To bear the wedding expenses of these sisters, they also had to sell some portion of their land.

Basiruddin, from his early childhood, had seen the struggle of his father. He saw that to buy his study materials like textbooks, exercise books or pen, he had to wait for weeks. His father had no money. He could feel the helplessness of his father. There was one particular incident, though, which is still poignant in his memory. Once, their economic condition was so abysmally bad that his father had to borrow money from a certain person. But he could not return that money in time. The person concerned made some derogatory remarks. This incident left a permanent mark in his mind because that person used to borrow money from them earlier. Studying under

kerosene lamp, he began to dream a life which could illuminate his life. Well, not only his life but the life of his parents too. Basiruddin's mother had not studied much. A semi-literate person, she used to stay awake late at night till his son completed his study. His parents never told him to do familial works. That in itself was a boon for his study.

His study began from the Kaithan Free Primary School. After that he was admitted to Kaithan Junior High School. Finishing it, he went to study in Koroi High School. Basiruddin was always meritorious. He used to stand first in each class. As a first boy all the teachers were particularly fond of him. There was no guidance from home. But the teachers were good enough to guide him all through. In this context, one person stood out. He was Sushilranjan Sinha. He was the headmaster of the

Junior High School. Basiruddin saw in him the shadow of an ideal teacher. He recollected two incidents. "While reading in class VI, I got a scholarship and also got a prize by successfully passing the District Science Talent examination. Another incident occurred which I remember while I was reading in class VIII. I used to sit in the first bench of the class. On that day I sat on the third bench. Sushil Sir was taking Mathematics class. Seeing me sitting there, he said- Bashir Saheb, why are you sitting there? Everyone laughed at his mentioning me as 'Saheb'. He again said- One day everyone would call him as Bashir Saheb. Maybe, he saw something in me. With all their wishes, I have travelled along in my life." In 1999, he passed the class X examination with 81 per cent marks. He had the highest marks in the school. Basiruddin thought of admitting himself in the Christian Missionary School at the Burdwan town. All meritorious students of the district go to that school. But in the end, he was not admitted there. The turning point of his life came at that precise moment. He went to Al-Ameen Mission.

His elder uncle used to teach in a Madarasah at Hooghly. He was the first person who motivated Basiruddin to get admission in Al-Ameen Mission. But when they took initiative already the admission test had taken place. After the admission test, there is a provision to take some more students on the basis of good marks. Basiruddin took that opportunity. Along with his younger uncle, he came and gave the admission test and also appeared for the interview on the same day. He passed but could not get admitted. The reason was the tuition fee. It was well beyond their capacity. Coming from a peasant family, it was unlikely to pay fees every month. Also, Matiur Saheb could not think of selling land for the sake of his son's education as it was possessed under joint fam-

ily. So, Basiruddin had to come back. At that time, Hasmat Ali was a teacher of the Mission. He used to live near Basiruddin's place and was well aware of their financial condition. He met the General Secretary and informed about the situation. The General Secretary said, he can get admission and his fees would be slashed into half, provided he ranks among the top five in the first terminal examination. Couple of months had already passed. The other students have begun their study. Basiruddin was not left behind because he had already started studying at home. He also ranked among the top five in the examination so his fees were slashed into half. Basiruddin was studious. The ideal environment of the Mission became very conducive for his study. He fondly reminisces that bygone days-

"We used to study relentlessly and the teachers were excellent. They were hard working. Amir Sir was one example, who used to work very hard. They were always prepared to help students. Apart from resident teachers, there were tutors who used to come from outside like Mrinalkanti Dwari Sir, Pravas Sir, Timirbaran Ganguly Sir, Utpal Gain Sir. They were very good. Supervisor Maruf Azam Sir and hostel Super Hasem Sir monitored us well. There was strict routine and rule which were supposed to follow. And above all, there was Secretary Sir. He did not teach us but used to spend most of his time in the Mission. He used to go back to his home late at night. He was passionate in building the infrastructure of the Mission and used to feed us dreams— dreams that would inspire us from the core. He used to say, one day you will achieve big. You will roam all through the globe. The students of the Mission would serve the human kind. Today, numerous students of the Mission are working in every part of the world. The dream has come true."

Whatever comes in life, give your best. One should not forget to dream and honestly follow it. The Mission has taught us to work for the welfare of people. Our work will be to construct a better civilisation. Basiruddin's work, his viewpoint has proved that he has truly become a global citizen.

Secretary sir used to feed us dreams—dreams that would inspire us from the core. He used to say, one day you will achieve big. You will roam all through the globe. The students of the Mission would serve the human kind. Today, numerous students of the Mission are working in every part of the world. The dream has come true.

In 2001, Basiruddin passed the HS with 78.01 per cent marks. At that time, the Mission had only one branch in Khalatpur. The girls' campus had just begun. There were about 50 students in the batch. Each of them is well established today. Syed Akhter Ali passed engineering from Jadavpur University and is now settled in Oman. Ershad Habib, another Engineer, is in United States. Mostak Ali has settled in Australia. He is also an Engineer. So is Mir Hossain. Abdul Rashid, another Engineer, is also in United States now. Hibzul Ali Khan, whom we have covered in this column earlier, was the first doctor who cracked the JEE on the running year. Also Rohan Kuddus was there. Basiruddin too cracked the JEE on the running year like Hibzul. His rank was around 1100. His choice was to study Software Engineering. But with that rank, it was hard to find by in West Bengal. So he went to National Institute of Technology in Hamirpur, Himachal Pradesh. Earlier, in this institution Apel Haque, a student of Al-Ameen Mission, had studied. So, Basiruddin made up his mind to study there. While studying B.Tech, he did not have financial problems because the Mission arranged GD Scholarship for him from the Patata Industries. He passed the B.Tech in 2005. Most of his friends got jobs from on campus interview. He too had the opportunity of getting one. But he did not like it and went to Bangalore for better prospect. There he appeared for numerous interviews in different companies

and landed in NetApp, an American company which has a Bangalore office with an attractive salary. Besides software, this company also worked on hardware. Basiruddin used to work on Storage. He worked in that company for about six and half years and rose to Senior Member Technical Staff Level 4. During his tenure there, he also completed his M.S degree in Software Science from Birla Institute of Technology and Science, Pilani, Rajasthan. After six and half years of work, the company wanted him to relocate to US. But he was a bit perplexed. Was there anything new he could learn from the company?

In 2010, the British government initiated a special working visa for skilled workers from abroad. Basiruddin took that opportunity and applied. He got a visa for three years but stayed with NetApp for another year. But to learn something new, he has to join a new company. With this aim, he moved to UK and joined HP. He worked there for two years. Earlier, Storage management required magnetic devices and it used to heat up easily. For that reason, fan was needed to cool it off. Then flash technology came. Memory card and Pen drive

depend on this technology. Flash technology can store large hyper-scale data in a compact place. To know it better, Basiruddin left HP and joined world renowned US company Violin Systems. He worked there for two years but left that cushy job and formed his own company in 2017 in UK. His company, BA Infotech Limited provides expertise to four companies including Violin Systems.

Meanwhile, Basiruddin has bought a house in Bracknell, West London. He lives there with his family and has also got citizenship. It is worthwhile to note that while most of the engineers have settled with cushy jobs abroad, Basiruddin went on a different path. He has set an example. His present target is to expand the base of his company and create job opportunities. He is not a job seeker, but job giver. He is perhaps the only engineer from Al-Ameen Mission, who has established a company abroad and also earned citizenship. From a nondescript village of West Bengal to United Kingdom; Basiruddin had an incredible journey throughout. Relentlessly, he chased a dream. He said, "First, be a good human being. Secondly, work hard. Whatever comes in life, give your best. One should not forget to dream and honestly follow it. Secretary Sir used to make us dream. That soaring dream was boundless, limitless. The Mission has taught us to work for the welfare of people. Our work will be to construct a better civilisation." Basiruddin's work, his viewpoint has proved that he has truly become a global citizen. ■

‘The Hall of Fame’ continues to expand. When Al-Ameen Mission started its journey 33 years earlier, the picture in the education scenario was not at all rosy. But slowly and gradually, the Mission’s effort to change it has borne fruit. These days, the picture is not only rosy, it is glowing brilliantly. We are presenting here the lists of students, who have excelled in various examinations of 2019.

Remarkable Feat

Outstanding Performance in NEET (UG) 2019
